- Auto Upgrades

# The Mentor ERP

## Communication

Share Important Updates, News, Have One-to-One/Group communication with each Staff/Student

## Accounts

From the monthly students' fees to bank transaction- everything is related to finance. Our school account management module helps you in storing and managing the payment data and money deposit or withdrawal details

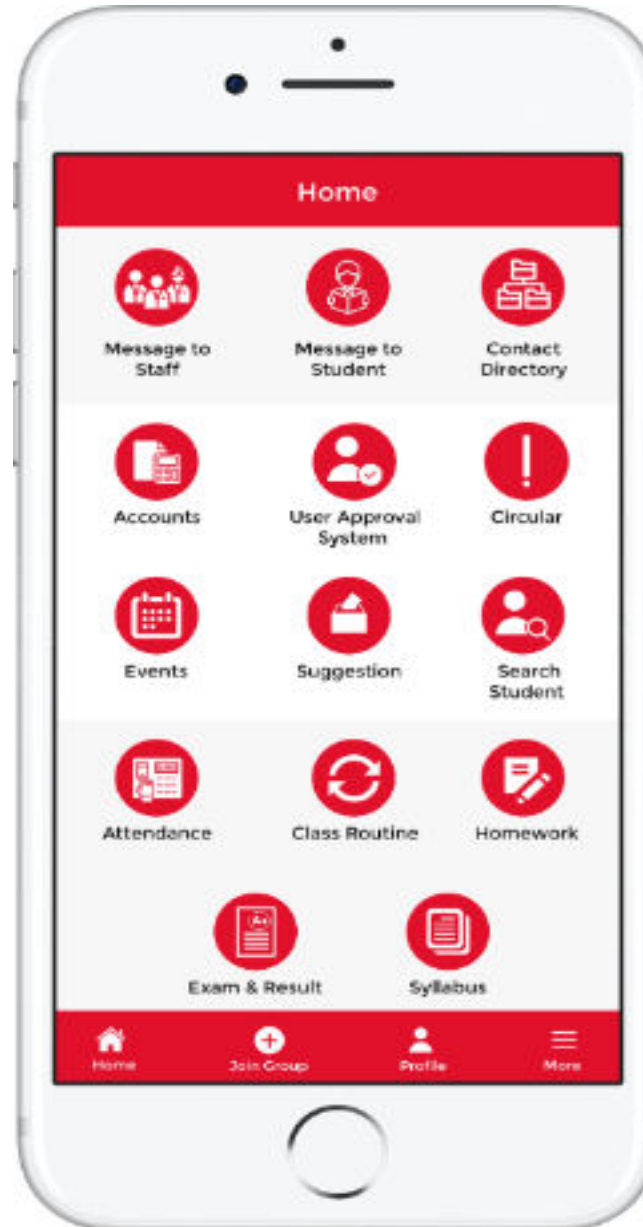

## Attendance

A student must try to attend all their classes throughout a year. Use our software to record the annual attendance or absence percentage of every student.

## Class Routine/ Time Table

Create timetable for every class and section, and set the duration of lecture on app for students/parents to view online

## Examination

To arrange every examination, your school remains busy. Our school ERP is intended to verify and manage the result, published for all classes and sections. You can publish the result in various formats, based on grades or marks. You will also be able to create rules for the exams.

## Payment

Parents can do online school fees payment through app. Amount will be directly credited to school's bank account.

## Transport

Our transport management tool helps in tracking the school vehicle name, transportation charge and the details of their route. Our application is also useful to ensure the students' safety by identifying any emergency situation.

## Events

Manage All events on app and the student interest

# OUR Process

---

# For OUR Platinum Membership

## 1. Online exam software- Use technology to transform the educational world

Is your school or college authority too much reliant on the technology? It's a good idea for reducing the burden of the management group. Computer system and internet connectivity have made everything easier. Thus, lots of educational institutes have embraced online examination system. Paper-based tests really cause hassle to the teachers, students and other associated staffs. Simplify your exam setup and start depending on the web-based exams. At Tekniko, our programmers and developers offer you the best software for **Online Examination**. Now, organize all the exams online, and the students will **also** get fun to deal with this new type of approach.

Our team presents you with a unique portal that helps you in creating, managing and assessing every exam, arranged in your educational institute.

### Product Highlights:-

- Time saving-
- Conducting the tests easily
- Everything manageable from a platform-
- Manage exam of various types
- Report Card & Merit List
